

2nd International Conference

On

ENVIRONMENTAL GEOTECHNOLOGY, RECYCLED WASTE MATERIALS AND SUSTAINABLE ENGINEERING (EGRWSE 2019)

June 16-20, 2019

University of Illinois-Chicago

Student Center East, Illinois Room, 750 South Halsted Street, Chicago, IL60607, USA

An Invitation to Exhibitors

The Second International Conference on Environmental Geotechnology, Recycled Waste Materials and Sustainable Engineering (EGRWSE 2019) to be held at the University of Illinois at Chicago, USA, during June 16-20, 2019 invites the manufacturers, consultants, contractors, and software developers in geotechnical, geoenvironmental and environmental engineering to build awareness of their products, services and solutions and reach out to the prospects from nations around the world such as India, China, Brazil, Spain, Turkey, Australia and many others. The conference with its excellent technical program and networking events is expected to draw 150 – 200 participants from diverse backgrounds including industry professionals, contractors, consultants, academicians, young professors, and students.

The conference will bring in academic experts and experienced professionals to exchange their experiences, state-of-the-art interdisciplinary research, recent innovations and practical challenges in the realm of environmental geotechnics, waste management, beneficial use of waste materials, and sustainable and resilient engineering. The conference will feature short courses provided by renowned experts in the field of geotechnical, geoenvironmental and sustainable engineering. The conference will also include invited presentations, technical tours, and social/networking events to provide an enriching experience and create new technical collaborations.

Registration Type	Early Bird (before May 6, 2019)	May 6, 2019 – June 10, 2019
General	\$250	\$300
Exhibitor (includes 1 General)	\$500	\$600

The exhibitor's registration will include a space consisting of table and electric outlet and one general registration to the conference. Additional general registrations can be bought at the [conference website](#). If you wish to register for the conference as an exhibitor, please do so by paying the registration amount indicated in the table above by a check payable to "University of Illinois at Chicago". Checks must be issued in U.S. dollars, drawn on U.S. banks. The checks must be received by the deadlines indicated in the table above and should be mailed to:

**Professor Krishna R. Reddy,
University of Illinois at Chicago,
Department of Civil and Materials Engineering,
Engineering Research Facility 2091 (MC 246),
842 West Taylor Street, Chicago, Illinois 60607, USA.**

If you need any additional information, please contact the conference organizers at geoenlab@gmail.com.

We look forward in welcoming you to Chicago in June 2019.

Sincerely,

EGRWSE-2019 Organizing Committee
